

Module 4: Weight Stigma Resource List

Learn More

WithAll's What to Say:

www.withall.org/resources

What to Say is WithAll's eating disorder prevention initiative. At WithAll.org, you will find blog posts, Q&A videos, and downloadable resources to learn more about promoting kids' body image and relationship with food for parents and caregivers, coaches and healthcare providers.

UConn Rudd Center for Food Policy & Health:

UConnRuddCenter.org/research/weight-bias-stigma

The UConn Rudd Center for Food Policy and Health has created several accessible resources related to weight stigma. The Rudd Center offers resources specific to healthcare providers, such as PDF pamphlets, further training, and links to additional resources.

Free to be Me: Self Love for All Sizes by Dr. Lesley Williams:

LesleyWilliamsMD.com

This book aims to promote and inspire self-confidence for young children. Author Lesley Williams, M.D., writes about self-love and hopes to help children feel comfortable in their bodies. This book empowers kids to feel free to be themselves, regardless of their body size.

National Eating Disorders Association, "Weight Stigma":

www.NationalEatingDisorders.org/weight-stigma

This brief article provides an overview of weight stigma, describing its consequences and implications for the development of eating disorders. This article is a great resource for providers to use as a "quick reference point" on weight stigma.

American Psychological Association, "The Burden of Weight Stigma":

www.apa.org/monitor/2022/03/news-weight-stigma

This article expertly discusses weight stigma, specifically referencing its implications in healthcare settings. Providers can learn more about the effects of weight stigma as found in expert research and lived experiences.
